Deb,

It looks like they don't plan on making any changes to their site, just to continue to mine gravel. If that is the case, CDOT has no comment.

We would like for them to eventually close or modify their access to the highway since it doesn't directly line up with the opposing access. And, it has a connection to Granby W Cir, which is a reasonable access to the highway.

Please let me know if you have any questions.

Thanks,

Brian Killian
